

Petrol E85 Fuel Treatment

250ml

JLM E85 Fuel Treatment is a multifunctional additive for use in high ethanol content gasolines such as E85. JLM E85 Fuel Treatment controls the fuel pH and forms a protective barrier layer on metal parts preventing corrosion. Also it protects and lubricates the fuel system and protects the fuel pump from excessive wear.

Provides excellent keep-clean and clean-up performance in the fuel and combustion system. Reduces and controls deposits on port fuel injectors, intake ports and intake valves, resulting in improved driveability, fuel economy and power. Reduces exhaust emission.

With JLM's novel and cutting-edge fuel additive technology, engine performance is reliably maintained over the whole life of the vehicle. By removing deposits and keeping the injector system clean, the engine will continue to perform as expected.

Benefits

- Prevents corrosion of injectors and fuel system
- Lubricates fuel pump
- Conditions E85 up to 12 months
- Cleans fuel system
- Improves fuel economy

How to use:

250ml treats 40-60L petrol. Suitable for all petrol cars.
Add to petrol fuel tank. Use every tank fill for best result.

Product information

Art. Nr: J03180

Barcode: 8718274351644

HS code : 3811900000

Ufi Code : R1T8-30CJ-2005-7CJS

Pack Size : 250ml

Quantity in box: 12

Weight full box: 3.3 kg

Boiling point: 160-220 °C

Flash point: >61 °C

Density at 20 °C: 0.85 g/cm³

Colour: Light yellow

Odour: Characteristic
